

19 FEB 1948

of Surveyors.....

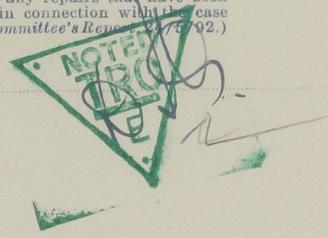

Received from Chief Surveyors.....

S NAME "TEALAMUS" (ex "Fort Raleigh") REPORT Liv. No. 126369

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.

In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—(Extract from Sub-Committee's Report, 1902.)

Survey..... When due.....

This T.2 tanker was built in May, 1945 to American Bureau requirements, and classification with this Society is now desired.

First Entry Reports on the Electrical Propulsion Gear and Electrical Equipment have been examined, and the details are similar to previous vessels of this type which have already been accepted.

A General Examination of the Machinery has been held in dry dock, and the Classification Survey of the Machinery commenced.

A Boiler Survey was last held in 5.47, by American Bureau Surveyors.

The Screwshaft has not been examined since the vessel was built.

IT IS SUBMITTED this vessel's machinery is eligible for the notation "Examined 11.47 (Class contemplated)"

*To complete the Classification Survey.  
All Rule requirements to be carried out except docking & electrical installation.  
First Entry Rpts. read on Boilers & Machinery (NOT Elect. Rpt. 4d.).  
Notes for S.R.L.*

BS and TS due 5.48.

*Ent.*  
*F.L.*
