Lloyd's Register of Shipping.

Port Galveston, Texas

September 11, 1948

This is to Certify that I have
Part

Surveyed the Boiler ^s and Machinery of the S/S "THEODOXUS" 10,672
tons gross of London whilst afloat and on dry dock at Todd
Shipyards Corporation, Galveston, Texas on the 26th August
and subsequent dates for Docking, Boiler Survey and Screw
Shaft,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have

Recommended that the record of L.M.C. as at present
with notation of Boiler Survey 9,48, and Screw shaft (CL)
(new) seen 9,48

be made in the Register Book in the case of this vessel. subject
to spare propeller being placed on board at first opportunity,
and survey of machinery and electric equipment being completed.

James L. Lacey
Engineer Surveyor to Lloyd's Register.

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in
any in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of
its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
