s.s. "ORION", Amsterdam report no. 16578

In reply to your letter of the 28th ultimo
I beg to inform you that 230 x 90 x 11 mm. bulb angle 4
frames have been fitted from 3/5 length forward to
15% length from stem.

Further I may say that the weight of the
anchor excl. stock is 555 kgs. The weight of the
stock is 140 kgs. instead of 70 kgs. as erroneously
reported. The statutory test is as reported.

Apologising for this error in my report,

I am,
Yours faithfully,

The Secretary,
London.

The Surveyor should be referred to table 53 of the Rules from which it appears that the prescribed statutory test for the steam anchor is 13080 kgs as reported. It should be printed out to them that the proof strain to of the weight of the anchor including its stocks.

For length. Ans:-
