# Lloyd's Register of Shipping

International Convention 1930 Respecting  
Load Lines.  
Renewal Survey in Accordance with Art. 14  
of the Convention.

(Port) R O T T E R D A M.

(Date) 28th March, 1947.

I have to report that I have surveyed the Netherlands steel screw  
M.V. "KOTA AGOENG" of Rotterdam O.N. P.F.L.D.  
on this date.

I have compared the arrangements on board the ship with those  
given in the original freeboard report and I have found them to be in  
agreement therewith or equivalent thereto, and the whole to be in  
efficient condition.

The Special Survey has been completed this time and the vessel  
will be recommended to remain as classed with docking date 3-47 and  
to have notation for S.S. Rotterdam 3-47. . . . . ✓

The original freeboard certificates have been transmitted to  
the Dutch Authorities for extension by them until the end of the  
year of grace allowed for the next Special Survey Ultimo August 1951. .

The freeboard marking has been verified and found to agree  
with the freeboards given on certificate ~~no~~ ~~issued~~ issued by the  
~~which is returned herewith~~ *snt?*  
Netherlands Authorities.

Surveyor to Lloyd's Register.
