The Secretary,
LONDON.

Dear Sir,

"RIVER CLARENCE", "RIVER MITTA", "RIVER
BURNETT" and "RIVER NORMAN"

In reply to your letter of the 5th instant, we have to acquaint you that upon investigation we find that a mistake has been made in our letter of the 20th August last to which yours of the 30th August replied.

The ships' referred to therein should have been "RIVER CLARENCE", "RIVER MITTA" and "RIVER NORMAN", the "RIVER BURNETT" is now being built at Brisbane and it has not yet been decided whether refrigerating installation will be fitted.

Yours faithfully,

THE SURVEYORS:
