

E X T R A C T FROM GOT. CLASSING LETTER D'D.30th May, 1958.

"AXEL JOHNSON" Before your Report No. 24059 receives consideration I would refer you to report No. 18859 dated February, 1952. I shall be glad if you will state what repairs were effected to the sternframe then reported to be bent as there is no indication of repairs being effected in your present report.

I shall be glad if you will also furnish the Test Certificates of the rudderhead and shaft as these are not attached to the report as stated.
