# Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

8th May, 1947.

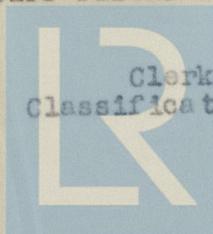

Dear Sirs,

II  
With reference to my letter of the 4th March last enclosing Copenhagen Report No.12087 on generator engine No.3951 by Messrs. Burmeister & Wain, stated to be intended for the motorship "AXEL JOHNSON", it is noted from your Report No.15322 on this vessel that the generator now fitted on board is No.3952 (Cpn.12085) which was originally intended for the motorship "ANNIE JOHNSON" (please see my letter 12th February last). In the circumstances I shall be glad to learn whether generator No.3951 (Cpn.12087) is now to be fitted on board the "ANNIE JOHNSON".

Yours faithfully,

The Surveyors,

GOTHENBURG.
