MEMORANDUM OF CORRECTIONS FOR LLOYD'S REGISTER BOOK

LLOYD'S REGISTER OF SHIPPING.

Instructions respecting Return of Corrections.

Corrections for Register Book.—The Committee are very desirous that, as far as possible, the Register Book should be correct in the information it contains, much effort being constantly made to effect this object, and it is considered that important service may be rendered in this direction by co-operation on the part of the surveyors. They are, therefore, requested, so far as may lie in their power, to supply from time to time information needful for the correction of the Register Book; such request (although of general import) applying more especially to the ships hailing from their respective districts.
