Collingwood Buildings, Newcastle-on-Tyne.

16th August 1916.Enclosure

Reference

M.

Sir,

I am in receipt of your letter of the 14th inst regarding the First Entry Report on the steamer "Stepney" and in reply beg to state that the Plan of Midship section as built is correct: the upper landing edge of E. Strake is single riveted F & A. the lower edge being double and I regret this is not clear from the report which I have amended accordingly.

I am, Sir,

Your obedient servant
Wm Cowie

The Secretary
London.

P.S. The Plan of Midship Section is returned herewith
