Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.

14th August, 1916.

Dear Sir,

M.

I have to inform you that the S.S. "STEPNEY", which has been built by Messrs. R. Williamson & Son, at Workington, has been towed to Glasgow where the machinery is to be fitted on board, and that in order to complete the classification survey the engine and boiler casings require to be riveted up and examined and the masts reported upon if the arrangement of the same is altered.

I shall be glad if you will arrange for the case to receive the necessary attention and for the same to be reported upon on Repair report form No. 8 with a view to completing the survey for ~~re~~classification.

I am, Dear Sir,

Yours faithfully,

The Secretary,

Secretary.
