71, Fenchurch Street, E.C. 3.

22nd January, 1935.

Dear Sir,

M.

With reference to your First Entry Report No.4024 on the Ferry "DARTMOUTH" (Messrs. Davie Shipbuilding & Repairing Co's Yard No.510), I have to request that you will forward particulars of the plating and stiffening of the watertight bulkheads, and the length of stream wire on board. It is concluded that the thickness of the flat plate keel angles is as approved, but I shall be glad if you will state if this is so.

I am, Dear Sir,

Yours faithfully,

Secretary.

G. Allan, Esq.,

MONTREAL.
