OSLO

9005 "TAI SHAN" - As recommended. Further postponement of the Special Survey until September, 1960 has now been approved, and I shall be glad if you will inform the Owners accordingly.

"SARITA" With further reference to my letter of the 18th May and your reply of the 24th May, I shall be glad if you will remind the Owners that the LP cover of the auxiliary steam engine still requires to be dealt with. You should ascertain from them and let me know what arrangements they propose to make in this respect in view of the fact that the limit expired so long ago as March last.
