10th July, 1947.

S. Dear Sirs,

I am in receipt of your letter of the 3rd instant respecting the Motorship "TEDDY", the contents of which are noted.

With regard thereto I have to say that from the plans of the vessel in this Office it appears that the double bottom extends from frames 27 to 94 inclusive and that accordingly the length measured as required by Circular 1284 is 118'10". Your statement that the length is 147' is therefore not understood and I shall be glad to be furnished with your remarks.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GREENOCK.
