27th July, 1945.

The Burntisland Shipbuilding Co. Ltd.,
Burntisland.

Dear Sirs,

No. 298 Ship

We are in receipt of your letter of the 25th instant but have to advise you that as these sets were drawn from direct Admiralty contract to meet the delivery position required, no test certificates are available, although the sets themselves were tested at our Works by the Admiralty Engineer Overseer and the electrical portion thereof by Admiralty Electrical Engineers at makers works.

We propose therefore, to hand you herewith a certificate to the effect that these sets were adequately tested before despatch, as stated above, and trust this will meet your requirements.

Yours faithfully,
FOR ROBEY & COMPANY LIMITED.
