Amsterdam 6th January 1961.

Dear Sirs,

mv. "Tabinta".

This vessel, due for survey in February '61 has been sold to Hongkong for breaking up with delivery in Hongkong before end April '61.

The "Tabinta" is now enroute on a voyage from Amsterdam via the Persian Gulf to Hongkong. According to present expectations the vessel will be delivered to her prospective buyers in the Far East in April '61.

This implies that the "Tabinta" will arrive at the scrapping yard after her due-date for special-survey. Under these circumstances we trust that you will consider favourably our request for exemption of special survey.

In this connection we confirm our telephone conversation on the above subject.

Yours truly,

N.V. STOOMVAART MAATSCHAPPIJ "NEDERLAND"
