Lloyd's Register of Shipping,  
c/o Mr. Åke Weber,  
Musigatan 15  
Helsingfors

M.S. Korsö ex Christina.

Onboard the above vessel we have among the auxiliary motors a motor (Albin), which can not be considered very reliable. We therefore intend in the near future to renew auxiliary motor aggregates onboard the vessel.

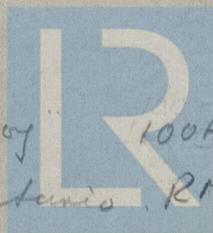

We shall now send out enquiries according to the enclosed specification to various firms.

In order to avoid any later remarks the specification is enclosed herewith and we kindly ask Lloyd's to approve the new distribution of the electric power as well as the capacity of pump and compressor.

Yours faithfully,

F:a GUSTAF ERIKSON

Einar Sjöholm
