Gentlemen,

With reference to your letter of 24th June regarding the m.s. "LA PLATA" and the steamer "GRIM", I am directed to state that having regard to the information furnished by you, the Board are prepared to agree that these two cases may be regarded as exceptional, and they will, therefore, raise no objection to the certificates for these vessels being issued in the normal way. The authority given above confirms that given verbally to your Mr. A. J. Barwick, when he called at this Department on the 28th June.

I am, Gentlemen,

Your obedient Servant,
