# LLOYD'S REGISTER OF SHIPPING

71, Fenchurch Street, London, E.C.3

Telegrams: Committee, London, Telex  
Telex No.: 24305

Telephone: ROYal 9166

Enclosure

24th February, 1961.

Classen (S)  
AH/BS

Dear Sirs,

Motorship "NERITINA"

The Society's Surveyors at Singapore have forwarded plans showing the thicknesses of the upper deck and shell plating over the cargo tank length of this ship.

The plan in question (Singapore Harbour Board drawing No. R/1525) is enclosed and the renewals to be made at the next Special Survey which are indicated thereon and which have been agreed between the Surveyors and your representatives are, in general, concurred in.

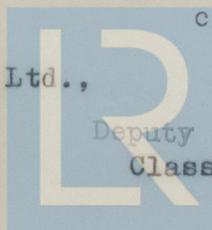

In tank No. 9, however, on the bottom shell at "C" strake (port and starboard) and also in No. 4 tank (starboard) "C" strake there appear to be plates which would require further examination. These plates have been suitably marked on the plan.

The recommended renewals of internal structure and of plating outside the cargo tank length have not been checked and these, together with any amendments to the renewals now indicated which may be necessary, are at the discretion of the Surveyor on the occasion of the Special Survey.

Yours faithfully,

Messrs. Shell Tankers Ltd.,  
Ibex House,  
Minories,  
London E.C.3.

c.c. SINGAPORE

Deputy Clerk to the  
Classification Committee.
