REC'D 3 JAN 1921

ANSO

5th January, 1921.

reference Sir,

With reference to the First Entry Report being forwarded to-day on the Steamer "MATHURA", I think it well to draw your attention to the fact that the Machinery in this case has been constructed partly by Messrs. David Rowan & Co. Ltd. and partly by Met. Vickers Electric Co. Ltd. and that the circumstances are precisely similar to the cases of the Steamers "MANGALORE" and "MANIPUR", Glasgow First Entry Reports Nos. 40065 and 40400. The record in the Register Book and the Machinery Certificate should therefore be made out as in the similar previous cases referred to.

I am, Sir,

Your obedient Servant,

P. L. Warlow

Secretary to the
Glasgow Committee.

The Secretary,
LONDON.
