MERCHANT SHIPPING (SAFETY AND LOAD LINE
CONVENTIONS) ACT, 1932.RENEWAL SURVEY IN ACCORDANCE WITH
SECTION 48 (4) OF THE ABOVE ACT.(Port) GLASGOW,(Date) 20th January, 1934.

I have to report that I have surveyed the Steel Screw
Steamer "MATHURA" of LIVERPOOL O.N. 143690
on this date.

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition.

The Forecastle of this vessel is "open"
(see Gls. letter 19/6/33).

(Verification Form C.12 (a) is enclosed herewith)

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. 3850 dated 31st January 1933 which is returned herewith, together with certified copy.

It was recommended in Gls. Report No. 53616 (June 1933) the vessel to receive the notation S.S. Gls. No. 3-4, 33 on completion of survey.

The survey was completed at London in September last (see Secy's ltr. F.21/12/33).
