LLOYD'S REGISTER  
RECEIVED

5 MAY 1932

5/5  
LONDON

Dear Sir,

In regard to Report No. 19276 on the Freeboard of the steamer "THE DUKE", we beg to forward herewith a copy of the lead weight scale relating to this vessel.

Owing to the vessel discharging, it was not possible to measure the sheers; also the following parts were not accessible: Bridge after Bulkhead, Stiffeners etc.

Scarping of Raised Quarter Deck, Scantlings, etc.

No information was forthcoming as to when it would be convenient for the above particulars to be checked.

The vessel sailed p.m. tide last night.

We are, Dear Sir,

Yours faithfully,

*R. H. Armstrong.*

pro The Surveyors.

The Secretary,  
LONDON.
