Dear Sirs,

re m.t. 'ELENI' Laid up at Ambelaki, Greece.

With reference to our letter dated 21st inst and our subsequent conversations on the subject matter we have passed on to the Owners the details of your requirements. They now advise us that they find them rather more extensive than they had anticipated, therefore, they may decide to send the vessel to the breaking up port in ballast. However, before they make their final decision will you kindly advise us of your requirements in order that the vessel may make such a ballast passage.

Yours faithfully
