5th June, 1961.

Dear Sirs,

m.s. "ELENI"

With reference to your letter of the 5th May and previous correspondence, I shall be glad to learn whether you are yet in a position to furnish me with any further information as to the Owners' intentions with regard to the Special Survey, for which the year of grace previously approved expired at the end of March last and a further postponement until early in April, 1961 was subsequently approved by the Committee, also the Auxiliary Boiler Survey, which became due in December, 1960.

I would also take this opportunity to refer you to the second paragraph of my communication dated the 6th February regarding the examination of certain outstanding machinery items for the present Continuous Survey Cycle. It is concluded that arrangements will be made for all the required parts of the main and auxiliary plant to be inspected for an up-to-date Continuous Survey Cycle notation before the ship again proceeds to sea.

Yours faithfully,

c.c. PIR.

Clerk to the  
Classification Committee.
