Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

25th February, 1936.

Dear Sir,

H. With reference to the new steamer "NAHOON",  
I have to acquaint you that on the occasion of this vessel being built the Owners agreed to a bolted door being fitted in the after bulkhead between the hold and bunkers to allow coal to be transferred from hold to bunkers during the voyage out from Glasgow to South Africa and they promised to arrange to have such door rivetted upon the vessel's arrival at Durban under your supervision.

I accordingly await the receipt of your report on the case in due course.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

A.H. Boyle Esq.,

PORT NATAL.
