Lloyd's Register of Shipping.

Port

PORT SAID

17th February, 1948

This is to Certify that ~~Y^e~~_X have

visited the Steel Sc. Steamer "TENAGODUS" 10636 tons gross

registered in the Register of London whilst lying afloat at Suez on the 8th

February 1948 and subsequently on account of loss of Starboard
Bower Anchor and 105 fathoms of Chain Cable and damage to one
fathom length of Chain Cable,

that ~~I^e~~_X have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report, stating that all ^{temporary/} repairs

recommended by ~~us~~_{me} have been completed to ~~my~~^{our} satisfaction, and

~~I^e~~_X have Recommended that she be continued as at present

entered in the Register Book, without fresh record of survey,
subject to 120 fathoms of chain cable of proved size and test
weight being placed on board on vessels arrival at a United Kingdom port
where she is stated to be proceeding after loading cargo at Abadan,
that the Starboard anchor only to be used in emergency.
subject to a spare Bower Anchor being placed on board at
earliest opportunity.

is fit to carry Petroleum in bulk.

J. de Wolf

& for F. Bourne (Acting Surveyor)

Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:

The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
performed and it should be understood that neither the Society nor any Member of any of its Committees is under any circumstances
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
Members, or the Surveyors, or other Officers or Agents of the Society.
