S. S. "TENAGODUS"

acknowledge receipt of your favour  
stant, with reference to the  
recently carried out by the  
veyors at Liverpool on the above  
nk you for your advices that the  
9/47 "Examined 9/47" has been  
1st the next Boiler Survey be-  
March 1948. Further, it is noted  
Shaft is now overdue for survey.

ould advise you it is our inten-  
the shaft for survey at the next  
erhaul, which becomes due in May/  
is further noted that the equip-  
to be brought up to Rule require-  
first opportunity and, to enable  
nsideration to this matter as it  
other vessels of this class, we  
ged if you will advise us of the  
le now required to bring same to  
ents. The electrical fittings  
castle Tweendeck space will also  
ation at the next drydocking.
