

to Mr. Ferguson
Extract from letter dated 26th September, 1950 from
Mr. A.C. Bone.

I am forwarding with this post a letter regarding the "GEORGIOS" P and in this case I understand that Mr. Catsoulakis was previously known to be part Owner, although now he is with the A.B. he denies he is interested but it is probably well camouflaged. You will understand from this why a change of classification is desired. He is also interested or was interested in other coastal vessels (previously classed with B.C. and now L.R.) including the ex "Prenton" (R.I.) and I have made it my duty to inform Mr. Hopkins of all these facts.

Mr Ferguson wrote 12/10 to Mr Bennett at
New York to keep him informed of this change of class.
