Dear Sirs,

m.s. "TARAKAN"

This vessel, due for survey in December, 1960, left Amsterdam on 27th October 1960 for a voyage to the Far East.

It is our intention to sell this vessel for scrapping purposes in the Far East. After having discharged her cargo of her present outward voyage she will proceed in ballast to the port where she will be scrapped.

According to present expectations the "TARAKAN" will be delivered to her prospective buyers in the Far East around the end of December 1960.

All being well this means that the vessel will be at the scrapping yard when due for special survey. Should the unforeseen circumstance arise that vessel is delayed we trust that you will consider favourably our request for exemption of special survey.

Yours faithfully,

N.V. STOOMVAART MAATSCHAPPIJ "NEDERLAND"
