Dear Sirs,

S.S. "PARIS CITY"

Reverting to your letter of the 21st ultimo and to a subsequent conversation between your goodself and the Society's Principal Surveyor for the Bristol Channel, I have to inform you that the matter has been taken up with the Society's Surveyors at Newcastle-on-Tyne who agree that in view of the minor nature of the indents concerned the endorsement recorded on the Classification Certificate might be deleted.

The case has been submitted to the Committee at their Meeting today and this recommendation confirmed, and I have pleasure in enclosing a fresh certificate deleting reference to this item.

Yours faithfully,

Copy C.H.Stocks,Cff.
