Dear Sirs,

Panis City

With reference to Certificate issued in connection with the Special Survey, dated December 1948, it is noted that this Certificate has been endorsed as follows :-

"The following items relating to the condition of this ship have been noted, but do not affect the maintenance of Classification.

Indented Side Shell Plating (Port and Starboard) "

When this vessel was put through Survey at North Shields all indents on the vessel were removed to the satisfaction of your Newcastle Surveyor and consequently we do not understand the endorsement which you have now placed on the Certificate and consider that this should be deleted.

We shall be glad to have your comments regarding this endorsement.

Yours faithfully,

W. G. Liley
