16th November, 1932.

Dear Sirs,

E. With reference to your Report No.17182 on the electric fittings of the s.s."PARKNASILLA", Messrs.J.Lewis & Sons' Yard No.127, I have to request that you will state whether the amperages and lengths of conductors on the accommodation and deck circuit and the navigation circuit are correctly reported, as it appears from the figures that there is an excessive drop in pressure in these circuits.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

ABERDEEN.
