Dear Sirs,

T.2 Tanker "ELISABETTA D"

Following the recommendation made in Rotterdam Report No.36164, the class of this vessel was amended to 100A1 "Carrying homogeneous cargoes of Petroleum in Bulk".

Rotterdam Report No.37153 is now to hand, and in view of the repairs now effected and the recommendation that a notation of S.S. Rot.-11,53 should be assigned, it is desired to know whether the qualification in regard to homogeneous cargoes of petroleum in bulk, as contained in your Interim Certificate dated 12.12.53, is intended to still apply, or whether this has been included in error.

An early reply is desired, as submission of your Report to the Committee is withheld in the meantime.

Yours faithfully,

Assistant Clerk to the  
Classification Committee.

The Surveyors,  
ROTTERDAM.
