Dear Sir,

We acknowledge the receipt of your classing letter of the 5th instant in connection with the S.S. "RUSIC" Belfast Report (F.E. Machinery) No. 14953 and have to advise you that a Steam Generator is fitted, it being regretted that this statement was omitted from the above report.

According to our list of certificates forwarded with the F.E. Report one copy covering this unit issued from Glasgow should be in your possession, although same is designated as one-120 sq. ft. Evaporator made by Messrs. G. & J. Weir, Ltd., No. 228374, Shell test 230 lbs., Coils 1,000 lbs.

Yours faithfully,  
The Surveyors.
