

Steamer "STARLINE MERCHANT"

"Surveys Overdue 12.57"

The last recorded date of Special Survey is 12.53, and a second 4 yearly Special Survey period will expire in December next. The last date of drydocking is 7.56. When the case was reviewed in February last the Bombay Surveyors stated the ship was still laid up, but they could obtain no reply from the new Owners to the enquiries addressed to them. It was decided at that time to leave the matter in abeyance for a further year

GENERAL COMMITTEE

17 DEC 1961

FRIDAY 1-DEC 1961

Classing Committee's  
decision confirmed.

*Class with draw*
