

"STANVAC NAIROBI"

Mr. Evans of Mobil Shipping telephoned this morning stating that he had received a cable regarding the ballast arrangements for this ship.

The master proposes to ballast the following tanks:

No.2 wings

5 port starboard and centre

7 port starboard and centre

9 wings

and the F and A.P. tanks.

Mr. Evans requests a reply by telephone as soon as possible as to whether these ballasting arrangements are acceptable.
