Enclosures.

27th February, 1961.

Dear Sirs,

MESSRS. ALFRED HOIT & COMPANY'S
FLEET.

I forward herewith two copies of a Circular which is being addressed to the ports likely to be concerned in the cases mentioned therein and shall be obliged if you will render the desired services when so requested.

Messrs. Alfred Holt & Co., state that the Motorships "AGAMEMNON", "AJAX" and "MENESTHEUS" are based on your port and have requested that detailed instructions be sent in these instances so that you may confer with their resident Superintendent with a view to the necessary items receiving attention at the next docking survey.

I therefore forward a statement relating to each ship, giving particulars of the items which require to be examined for assignment of class, together with details of any parts which have already been credited to an Extended Special Survey, the notation of which will be deferred until completion of the inspection.

Yours faithfully,

c.c. Fbd.

Assistant Clerk to
the Classification Committee.

The Surveyors,
HONG KONG.
