1st October, 1920.

Dear Sir,

With reference to Glasgow report No.17706 on the Steamer "MAUDIE", it is concluded that the rivets in the edges and butts of the strake below sheerstrake, clear of bridge, are spaced as required, and I shall be glad if you will ascertain from the Surveyors and let me know whether this is so.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary,

GLASGOW.
