55, Fawcett Street,

Sunderland, 29th February, 1944.

Dear Sir,

With reference to your Classing Letter of the 25th instant respecting the "EMPIRE INVENTOR", Sunderland Report No. 33876, we have to state that the butts only of the side shell plating, excluding the sheer strake and strake below, forward of the forepeak bulkhead are welded. The shell seams throughout are riveted.

We are, Dear Sir,
Yours faithfully,
THE SURVEYORS,
PER:

The Secretary,
WOKINGHAM.
