95, Bothwell Street,
Glasgow, C.2.

28th January, 1935.

My dear Gardiner,

Further to my letter of the
26th instant, I now send you a copy of a cablegram decoded
which I sent to the Genoa Surveyors and also a copy of their
reply which I received this morning from which you will
see that everything is in order.

I consequently wired you to-day
as follows:-

"ANTEO RIVETS SHELL BUTTS 77 WHERE LAPPED
88 WHERE DOUBLE STRAPS".

With kind regards,

Yours sincerely,

Geo. Webster
