Dear Sir,

10.439 " HENRIK DANICA "

We are in receipt of your classing letter of
28th September.

Regarding shell plates B3 and B4 (port side
from forward) the deformation was of a very minor
nature and the recommendation " to be replaced " is
in error, and should not have appeared on the report.

We would confirm that the screwshaft was
magnaflux tested and lightly skimmed, the sternbush
dressed where grooved, and the oil gland renewed.

We much regret inconvenience caused.

Yours faithfully,

[Signature]
J.S. COOK,
Surveyor
