ived by Chief Ship Surveyor _____

Received from Chief Ship Surveyor _____

VESSEL'S NAME _____

"BALI"

Rpt. _____ Qsl. _____ No. 4711

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/32.)

ture of Survey _____

The 1st S.S.No.2, due 4,36, has been partly held.

The Oslo Surveyors now report the vessel placed on a floating dock, rudder pintles and gudgeons dealt with, cement laid in all double bottom tanks, a number of repairs and alterations in connexion with freeboard carried out.

The Owners desire to postpone the completion of the Special Survey until the end of the year of grace and this proposal in the Surveyors' opinion merits approval.

It is submitted the vessel appears worthy to remain as classed with record of survey 4,36, and the year of grace agreed to as recommended.
