Dear Sirs,

Steamer "PRECILA"

We acknowledge with thanks receipt of your letter Ref. Classn(s) dated 21st January 1958 which you sent to us through your Hongkong Office, and are pleased to note that your esteemed Society have agreed to postponing the Special Survey of the captioned vessel to June 1958 when she will have completed her present Time-Charter commitments, and that you wish to know the port at which an inspection may be held to the Loadline in order that a new certificate may be issued to cover the period of May and June next.

We beg to inform you that the vessel is expected to be due at Moji on/about 2nd February 1958 and after completing discharging, she will be free on 7th/8th February 1958. Since the Time-Charterers have now fixed her next employment to lift a shipment of sugar from Kaohsiung Formosa, to Port Sudan and the employment thereafter is yet unknown to us, we shall indeed be grateful if you will kindly take advantage of the vessel's stay at Moji or Yawata and arrange for a Loadline Renewal Survey right at the said port before ^{she} departs.

Under the circumstances, we shall appreciate it if you will kindly, upon receipt of this letter of ours, telegraph at our expense to notify your Surveyors in Japan to the same effect in order that the said Loadline Renewal Survey may be completed during the vessel's call at Moji.

In conclusion, we wish to assure you that we will have the Special Survey completed within June next or as soon as the vessel has completed her time charter commitments.

Thanking you in anticipation,

Yours faithfully,

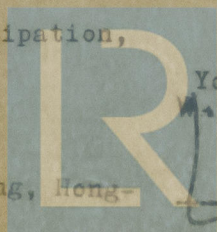

W. K. KWONG & CO., (HONG KONG) LTD.
