Dear Sir,

We acknowledge receipt of your classing letter dated 15th June, the contents of which have been noted. In reply we have to state as follows:-

303. "Travelstar"

We have to confirm that the Superheater Safety valves were adjusted to a pressure not exceeding 237 lbs. Regretted this was omitted from our Report.

320. "Liverpool Maru"

In accordance with your instructions the Owners of the above vessel have been advised of the requirements for a general examination in accordance with Circular No.1959.

321. "Tozai Maru No.7"

The Owners have been advised the indented shell plating, Port side, in way of Nos. 2 and 5 Holds and deep tank is subject to being examined and dealt with as necessary at the next dry-docking.

Yours faithfully,

Peter Manson
For the Surveyors.
