21st March, 1958.

Dear Sirs,

Steamer "PLANTER"

Reverting to your letter of the 18th and my reply of the 22nd November last, I would acquaint you that a report has now been received from the Society's London Surveyors, from which it is noted the ship has been seen in drydock and the screwshaft drawn and examined.

A General Examination was carried out at this time and as a result of this inspection postponement of the Special Survey until January, 1959 has been approved by the Committee.

Fresh records of Docking Survey 1,58 and Tailshaft Survey 1,58 have been assigned.

Yours faithfully,

c.c. Liv.

Assistant Clerk to the
Classification Committee.
