The Secretary,
Lloyd's Register of Shipping,
71, Fenchurch Street,
LONDON, E.C.3.

Dear Sir,

s.s. "LEONIDAS" - 4,573 G.R.T.

We should feel obliged if you would consult your records and advise whether any examination of the propeller was made on behalf of the Society between April 1956 when temporary repairs were effected thereto at Gdynia and September 1957 when the propeller was examined by Lloyd's Agents' Surveyor at Piraeus.

The vessel was drydocked on 6th March 1957 at Baltimore, Md. when a Surveyor on behalf of the Society may have been in attendance.

Thanking you in anticipation,

Yours faithfully,
for and on behalf of,
TRANSMARINE SHIPPING AGENCIES LTD.,

R. DANIELS.

REPORTS

16
There is no report of survey
at ~~Sydney~~ Sydney in 4/56 nor any
record of this survey. However
it is confirmed that there is no record
of the propeller being repaired between
4/56 and 9/57 when an entry (only)
was made of the propeller by the Society's
surveyor at Piraeus. But surveyor might
also have acted as L.A. surveyor as a damage
report was issued and a damage fee charged although
no damage report is attached Q 2/8/61
