about the end of March, with a view to the further postponement
of the Special Survey until September 1963 (6 months after the
expiration of the year of grace) as the ship is needed meantime.
(Ship over 50 years old)

Technical Recommendation (Hull):—

Submitted the ship be placed in drydock,
opened up as for Special Survey and the
necessary repairs effected for the desired
postponement of six months.
It is considered that the limits of service
suggested by the owners viz. between the Black Sea and Yugoslavia
would have no influence on the above recommendation
