10th August, 1962.

Dear Sirs,

C,
AH/CAG

Motorship "JAVA"

Reverting to my letter of the 6th February, the Society's Surveyors at Calcutta have reported that this ship was under survey in June/July when an examination was made of the starboard exhaust gas economiser heating coils.

These coils were considered to remain efficient meantime but it was recommended that they should be again specially examined and dealt with as necessary by the end of September, 1962. The Committee have continued the class of this ship subject, inter alia, to this being done by that time.

Yours faithfully,

cc Ann

Deputy Clerk to the
Classification Committee.

Messrs. N.V. Stoomvaart Maatschattij "Nederland",
P.O. Box 1100,
AMSTERDAM,
Holland.
