27th November, 1961.

Dear Sirs,

C.

Motorship "JAVA" (9333 tons)

DHCK/MAL

To complete the Donkey Boiler Survey, due last May, for a notation of DBS 9.61 the starboard exhaust gas economiser requires to be examined internally and the forced circulating pump to be examined.

I shall be glad, therefore, if you will ascertain from the Owners what definite arrangements they propose to make to complete this survey.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Surveyors,
ROTTERDAM.
