C-6511

This is to Certify that

R. G. S. KENNEDY

the undersigned Surveyor to this Society did at the request of the Owners' Representatives, The American Minerals & Transport Corp., New York, survey the "WEI MINO" ex "AGWIDALE", 4763 tons gross of Shanghai on the 20th August 1946, whilst on dry-dock at the plant of the Newport News Shipbuilding & Dry Dock Company, Newport News, Va. with a view to determining the suitability of the vessel for reclassification with Lloyd's Register of Shipping.

General Examination was made of bottom, rudder, stern-frame, decks, hatchways and casings, and the hull of the vessel appears, so far as seen, to be in satisfactory condition.

In my opinion, this vessel would be suitable for reclassification with this Society, on satisfactory completion of Special Survey.
