

C. 297.

WEST HARTLEPOOL.

5th. December 1921.

Richard D. Shilston.

Messrs Richardsons Westgarth & Co. Ltd., attend their Works on  
the 29th. and 30th. November 1921 for the purpose of inspecting  
12 ton evaporator No. 3933 for Chantiers Navals Francais S.S.  
No. 13.

This evaporator was subjected in the presence of the  
undersigned to hydraulic tests the shell to 50lbs and the coils  
to 400lbs per square inch.

For purpose of identification the evaporator was  
marked as below:-

Lloyds.

No. 1253.

Body tested to 50lbs.

Coils tested to 400lbs.
